- PADI 12x VARIOUS SPECIALITIES
- BSAC DIVE LEADER
- BSAC ACCELERATED DECO
- BSAC MIXED GAS 50M
- SDI SEA SHEPHERD GHOSTNET RETRIEVAL

My dream has always been to dive the Great Barrier Reef. In 2012 I qualified as a PADI Open Water Diver and caught a flight to Australia. This is where my love for the underwater world was born. I spent a few years diving and gaining further experience and knowledge before taking the plunge into the life of a PADI Professional. In 2021 I put my skills and knowledge to further good use and joined the Sea Shepherd Ghostnet Campaign. We regularly dive wrecks and reefs off the East Coast retrieving lost fishing gear.

When I'm not on a campaign I spend most of my time in Northumberland diving the Farne Islands and surrounding areas with the seals and the extensive array of various wrecks. UK diving is fantastic.
