

PHIL ALLEN INSTRUCTOR

Dive Qualifications

- Master Scuba Diver Trainer
- Instructor Ratings – Deep, Wreck, Emergency O2 Provider, Nitrox, Dry Suit, Dive against Debris, Project Aware
- Emergency First Responder Instructor

I came late to diving, only completing my Open Water in 2012.

My passion is the big stuff – whales, dolphins, and sharks – especially sharks! I've been fortunate to dive with Humpback whales, Orcas, dolphins, whale sharks, mantas,

raggies, oceanic's, and many more, as well as diving some fantastic reefs and wrecks. Closer to home, the seals of the Farne Islands take some beating, although my favourite place to dive is definitely South Africa.

I became an instructor in 2019, and get huge enjoyment from seeing novice divers take their first breaths underwater, and within a short few hours become qualified scuba divers, enabling them to experience some of the wonders that I have seen.
